

# Your Health Lecture Series

## Keeping Children Healthy

We take every precaution to keep our children healthy and in the classroom, but it never seems to be enough. What can be done to prevent the most common ailments facing our children? How can we more effectively treat our children when they become sick? Join Keith English, MD, at this Your Health Lecture to learn more about keeping children healthy.

### Presented by Keith English, MD

Dr. English is chair of the Department of Pediatrics and Human Development at Michigan State University College of Human Medicine. He achieved national acclaim for leading the Memphis community response for the 2009 H1N1 flu pandemic, while at the University of Tennessee Health Science Center. Dr. English is also recognized for his work in pediatrics and was named "Pediatrician of the Year" by the Tennessee chapter of the American Academy of Pediatrics.

### Tuesday, March 18, 9 am

Northwestern Michigan College  
Dennos Museum Center  
1701 E. Front St. | GPS: 1410 College Drive  
Traverse City, MI 49686
