

# MIGRANTS HELP!

*Migrants do not harm  
the long-run  
employment or wages  
of native workers.*

## 9.4%

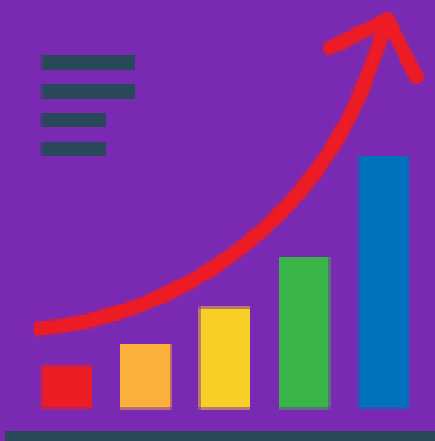

Migrants contributed 9.4% of global GDP, or \$6.7 trillion—some \$3.0 trillion more than they would have produced in their origin countries.

## 35%

35% are high-skill migrants with tertiary education or above (86.5 million migrants).

## LABOUR FORCE

## 40–80%

40–80% of labor force growth in top destinations between 2000 and 2014 was contributed by migrants.
